

CUSTOMER **TESTIMONIALS**

"New installation work and repair and maintenance has been of consistently high quality. Scott Kozak and Manchester Roofing have been very reliable and a pleasure to work with. Projects begin on time and are completed in prompt, workmanlike manner. They have been available for follow up inspections or to review problems and their input and proposed solutions have been practical and economically sensible.

We have referred Manchester Roofing to other building owners in the past and they have been pleased with the work performed. We would highly recommend Manchester Roofing to anyone seeking a roofer to perform quality work at a reasonable price."

Darrell Kamer
JCC of Toledo

"Let me take this opportunity to thank you and your crew for all of their hard work completing the new metal roof on our physical education building. Completing this work in the middle of the winter was extremely difficult. As you know, this was a job that could not wait until the spring. I am well aware that you and your crew worked on many extremely cold days to complete the job. Your drive to meet your commitments and complete the job was impressive. The roof looks great and I look forward to working on future projects with Manchester Roofing."

Barry Nistel
Nistel Properties, Ltd.

"In April 2007 we had Manchester Roofing, Inc. do a complete tear off and re-roof on a retail commercial building which was 24, 604 square feet. The installation of a new white TPO roof system was completed in a timely manner by a roofing crew that was professional and kept us informed of any and all issues.

We have enjoyed working with Manchester Roofing and if the need arises at any of our theaters or retail centers we would gladly give them a call for their assistance."
